Early Roman Warfare: From the Regal Period to the First Punic War Jeremy Armstrong

While copious amounts have been written about the Roman army, most study has focussed on the later Republic or the Imperial period when the legionary system was already well-developed. Here Dr Jeremy Armstrong traces the development of Rome's military might from its earliest discernible origins down to the First Punic War. He shows how her armies evolved from ad-hoc forces of warriors organized along clan lines and assembled for the city's survival, to the sophisticated organization of the legions that went on to dominate all of Italy and then (after the period covered) the entire Mediterranean world.

The author reviews both the literary sources and the latest archaeological evidence to provide a fresh analysis of Roman military organization, equipment, tactics and strategy. He shows how Rome's military apparatus adapted to meet the changing strategic needs of new enemies and broader ambitions. This study of the origins of the Classical world's most formidable war machine will be welcomed by anyone with an interest in Classical, and especially Roman, military history.

John Malcolm:

Spent a free a chance to be fun activity to perform! A lot of people spent their free time with their family, or all their friends. Usually they doing activity like watching television, about to beach, or picnic in the park. They actually doing ditto every week. Do you feel it? Would you like to something different to fill your own personal free time/ holiday? May be reading a book can be option to fill your cost-free time/ holiday. The first thing that you will ask may be what kinds of e-book that you should read. If you want to attempt look for book, may be the book untitled Early Roman Warfare: From the Regal Period to the First Punic War can be fine book to read. May be it could be best activity to you.

Julio Huntsman:

As a university student exactly feel bored for you to reading. If their teacher asked them to go to the library as well as to make summary for some book, they are complained. Just small students that has reading's internal or real their hobby. They just do what the trainer want, like asked to go to the library. They go to at this time there but nothing reading very seriously. Any students feel that examining is not important, boring and also can't see colorful images on there. Yeah, it is to be complicated. Book is very important for yourself. As we know that on this period, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. Therefore this Early Roman Warfare: From the Regal Period to the First Punic War can make you feel more interested to read.
