The Universal Intelligence of Spirits, Guides and God Donald McDowall

We exist in an intelligent environment. Physicists say we live in up to 11 different dimensions. Yet, our awareness is limited by our senses. Dr. McDowall addresses the issues of communication between these dimensions in a very simple way. He uses direct contact. The results are amazing and profound. Questions are answered such as: How can you protect yourself and your home from negativity? How are spirit guides chosen? What are their duties, purpose and gender? What is the character of God? What happens to the spirit when in human form? How are mediums prepared? What is the best time for guides to communicate? What do spirits see? Is there really a Satan? What is God's influence in Hell? Why did God create the world? What are our barriers to God's knowledge? What is the difference between spiritual memory and physical memory? Are spirits related to ET's? What happens to our spiritual memory at birth, at death? Can we get our spiritual memory back? How often do we have a human experience? What about animal spirits? When does intelligence enter a baby? These and many other questions are answered in this book. It is written in a simple, easy to read style.
