Learn how to perform research using video sources with these fun activities. Using their relevant prior knowledge of how to find video clips, students will learn how to use videos as effective research tools. With tips that are relevant across multiple academic disciplines, this book encourages students to incorporate visual elements into their project research, rather than only text-based sources. Additional text features and search tools, including a glossary and an index, help students locate information and learn new words.

And so there are a lot of benefits that you will get when you buy this book.

#### **Ryan Harrison:**

As a pupil exactly feel bored for you to reading. If their teacher requested them to go to the library or make summary for some publication, they are complained. Just tiny students that has reading's soul or real their interest. They just do what the teacher want, like asked to the library. They go to right now there but nothing reading very seriously. Any students feel that looking at is not important, boring in addition to can't see colorful pictures on there. Yeah, it is to get complicated. Book is very important to suit your needs. As we

know that on this time, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. Therefore this Watch It! Researching with Videos (Explorer Junior Library: Information Explorer Junior) can make you feel more interested to read.
