The Fellowship of Life: Virtue Ethics and Orthodox Christianity (Moral Traditions) Joseph Woodill
Bringing Orthodox Christianity into the recent dialog on virtue ethics, Joseph Woodill investigates the correspondences between the Eastern Orthodox tradition and contemporary virtue ethics, and he develops a distinctly Orthodox vision of theological ethics.

This book fills a vacuum in our understanding of the Eastern Church by revealing themes, persons, and insights that offer resources for a contemporary moral theology. Reviewing the Eastern tradition from patristic times to the present, Woodill shows its relevance to contemporary virtue ethics and identifies both differences and similarities between Orthodox and other?Catholic, Protestant, and Jewish?virtue ethics.
