René Descartes

Descartes: Selected Philosophical Writings René Descartes

Based on the new and much acclaimed two-volume Cambridge edition of *The Philosophical Writings of Descartes* by Cottingham, Stoothoff and Murdoch, this anthology of essential texts contains the most important and widely studied of those writings, including the *Discourse and Meditations* and substantial extracts from the *Regulae*, *Optics*, *Principles*, *Objectives and Replies*, *Comments on a Broadsheet*, and *Passions of the Soul*. In clear, readable, modern English, with a full text and running references to the standard Franco-Latin edition of Descartes, this book is planned as the definitive one-volume reader for all English-speaking students of Descartes.
