The Masked Witches: Brotherhood of the Griffon, Book IV Richard Lee Byers

Aoth Fezim and his mercenary company have restored their tarnished reputation and attracted new recruits for their depleted ranks. But they still have one big problem. Too many griffon mounts were killed in the battles in Thay Chessenta. If “the Brotherhood of the Griffon” is to be more than a name, new mounts must be found.

As it happens, the masked witches in Rashemen have griffons available to a worthy few who can slay the undead that are committing atrocities throughout the land. Aoth volunteers his band, as do other groups who are in the market for the fighting beasts. But things are not as they seem. Epic battles between rival sellswords, berserkers, and aerial skyships punctuate this whirlwind tale set in a barbaric land of oracles, nature spirits, and talking animals.
