Irish Folk Medicine

Patrick Logan

Irish Folk Medicine Patrick Logan

At a time when people are increasingly interested in natural medicine and holistic remedies, this book traces the history of folk medicine in Ireland and examines its continued popularity. It reviews a comprehensive range of country cures for both people and animals, noting that many remedies date back to early pagan times before the rise of medical science in the 19th century while others arose in the 20th century as an alternative to modern medicine. With often lighthearted humor, this guide examines how folk medicine has always been a curious blend of common sense and nonsense. From attempts to cure a child of dropsy by tying it up in a rope used to hang an innocent man to driving away whooping cough with medicine made from sheep droppings boiled in milk, this book looks at how practical observations and natural cures often went hand in hand with useless and often dangerous remedies.

From reader reviews:

Elnora Perry:

What do you concentrate on book? It is just for students since they're still students or the idea for all people in the world, exactly what the best subject for that? Only you can be answered for that query above. Every person has several personality and hobby for every single other. Don't to be obligated someone or something that they don't need do that. You must know how great and important the book Irish Folk Medicine. All type of book can you see on many methods. You can look for the internet methods or other social media.

Erin Harmon:

Book is to be different for each and every grade. Book for children until adult are different content. As you may know that book is very important for all of us. The book Irish Folk Medicine was making you to know about other knowledge and of course you can take more information. It is rather advantages for you. The book Irish Folk Medicine is not only giving you more new information but also to get your friend when you experience bored. You can spend your spend time to read your guide. Try to make relationship with the book Irish Folk Medicine. You never truly feel lose out for everything if you read some books.

Edward Suniga:

The reason why? Because this Irish Folk Medicine is an unordinary book that the inside of the publication waiting for you to snap the item but latter it will shock you with the secret the item inside. Reading this book close to it was fantastic author who have write the book in such wonderful way makes the content interior easier to understand, entertaining approach but still convey the meaning entirely. So , it is good for you because of not hesitating having this nowadays or you going to regret it. This amazing book will give you a lot of positive aspects than the other book have such as help improving your skill and your critical thinking technique. So , still want to postpone having that book? If I ended up you I will go to the publication store hurriedly.

Bessie Scudder:

Your reading sixth sense will not betray a person, why because this Irish Folk Medicine publication written by well-known writer whose to say well how to make book that could be understand by anyone who read the book. Written within good manner for you, dripping every ideas and composing skill only for eliminate your own personal hunger then you still skepticism Irish Folk Medicine as good book not just by the cover but also through the content. This is one reserve that can break don't judge book by its protect, so do you still needing a different sixth sense to pick that!? Oh come on your studying sixth sense already told you so why you have to listening to a different sixth sense.
