An innovative and riveting look at briefs from a highly respected author that can be used a primary text in an advanced legal writing class or as a secondary text in a basic legal writing course. The chapters can be taken in any order. In the first part of the book, individual chapters cover advanced legal writing topics such as rhetoric, voice, emotion, metaphor, and narrative. The second part of the book introduces famous cases, with the story of each case. Chapter introductions provide interesting insights, such as historical context, the story of the case and of the litigation of it, information about the lawyers who wrote the briefs on both sides, what the courts decided, and, where relevant, about what has happened since.
