****A *Los Angeles Times* summer reading pick****

"A stunning new guidebook. . . History buffs will be amazed by the wealth of lore, legend and radiant fact."—*San Francisco Chronicle*

San Francisco Chinatown is the first "insider's guide" to one of America's most celebrated ethnic enclaves by an author born and raised there. Both a history of America's oldest Chinese community and a guide to its significant sites and architecture, *San Francisco Chinatown* traces the development of the neighborhood from the city's earliest days to its post-quake transformation into an "oriental" tourist attraction as a pragmatic means of survival. Written by architect and Chinese American studies pioneer Philip P. Choy, and featuring photographs and walking tours, the book details the triumphs and tragedies of the Chinese American experience in the United States.
