College Success: Networking: From College to Career Jarom J. Schmidt

Whether you start on the first day of college or wait until later, networking can be easy, fun, and effective. You've been networking your whole life; it's just that you called it making friends. Now, *College Success: Networking From College to Career* shows you how to turn friends, family, professors, and other groups into a personal network that will serve you for the rest of your life. Networking goes way beyond Facebook, Twitter, and texting. The secret to moving seamlessly from college to a great job (while bypassing entry level positions) isn't in having a wealthy family or being born with a high IQ. The key to success lies with the people you meet in college and the people you already know. They will change your life. This is the time to set the course for your career and your future. The concrete advice in this book will help you find the right people, show you exactly what to say, and help you find internships, residencies, fellowships, and amazing career opportunities.
