Mind Games (The Disillusionists Book 1) Carolyn Crane

JUSTINE KNOWS SHE'S GOING TO DIE. ANY SECOND NOW.

Justine Jones has a secret. A hardcore hypochondriac, she's convinced a blood vessel is about to burst in her brain. Then, out of the blue, a startlingly handsome man named Packard peers into Justine's soul and invites her to join his private crime-fighting team. It's a once-in-a-lifetime deal. With a little of Packard's hands-on training, Justine can weaponize her neurosis, turning it outward on Midcity's worst criminals, and finally get the freedom from fear she's always craved. End of problem.

Or is it? In Midcity, a dashing police chief is fighting a unique breed of outlaw with more than human powers. And while Justine's first missions, including one against a nymphomaniac husband-killer, are thrilling successes, there is more to Packard than meets the eye. Soon, while battling her attraction to two very different men, Justine is plunging deeper into a world of wizardry, eroticism, and cosmic secrets. With Packard's help, Justine has freed herself from her madness—only to discover a reality more frightening than anyone's worst fears.

From the Paperback edition.
