Once Upon A Time There Was No Money

This book contains information that goes outside the box of the normal ways of thinking when it comes to money. This book presents new understandings from a fresh perspective. With a VERY DIFFERENT and new understanding of how money is used to ENSLAVE everyone through the use of money on planet earth you will see the world in a NEW LIGHT and be able to use money in your own life in a much more informed way.

Money is the tool that has enslaved humankind in far greater measure than any other era of history. The reason for this, for one is because in today's world there are more people than ever before, and two, money is used in every conceivable aspect of life everywhere on the planet. Money has become an inescapable necessity today that was not so in many past cultures. Money is used in what is considered legal ways today that man in times past was not so able to dream up and enroll the general population into. There are big business dealings in every area of life that are so underhanded you may not believe them when you learn what they actually are.

The slavery ramifications of this range through all aspects of life from your job to governments to your family quarrels to your local banker to name a few it can actually go far beyond. You know your friendly smiling banker who welcomes you with open arms and a great big smile, as long as he knows you can and will pay the bank. All the time he well knows he is really stealing from you in a blind manner on your part. As we say today he's laughing all the way to the bank.

Money and the greed for both money and power pits man against man, where if not for money greed would be far lesser than it currently is and man would not have quarreled and harmony would have been the norm. Wars are borne out of greed for power and money. Money is actually at the forefront of greed so the last statement should have these words reversed. Man is also pitted against man by authority figures through the use of money. We can see this through manipulation of a system of finance, taxation and laws all designed to keep man in a narrow path where man believes he must be led by the nose by those who control the money supply. Governments are at the forefront of these manipulations and it rolls down hill from their.
