When bigotry and power-mania take control, disaster always follows for ordinary people – even when the power is wielded by the Church. Witchcraft, of course, was seen as devil-worship. Those accused – over 100,000 people, mainly women, between 1450 and 1750 – were subjected to the most bestial tortures and usually executed. *Witch Hunt* examines the real facts of this persecution and the religious hysteria that inspired it, tracing it back to its source. It tracks its wildfire-spread across Europe and the US until scientific reason began to challenge old beliefs and it began its long-awaited decline.
