## Soft Computing in XML Data Management: Intelligent Systems from Decision Making to Data Mining, Web Intelligence and Computer Vision (Studies in Fuzziness and Soft Computing)

Being the de-facto standard for data representation and exchange over the Web, XML (Extensible Markup Language) allows the easy development of applications that exchange data over the Web. This creates a set of data management requirements involving XML. XML and related standards have been extensively applied in many business, service, and multimedia applications. As a result, a large volume of data is managed today directly in XML format. With the wide and in-depth utilization of XML in diverse application domains, some particularities of data management in concrete applications emerge, which challenge current XML technology. This is very similar with the situation that some database models and special database systems have been developed so that databases can satisfy the need of managing diverse data well. In data- and knowledge- intensive application systems, one of the challenges can be generalized as the need to handle imprecise and uncertain information in XML data management by applying fuzzy logic, probability, and more generally soft computing. Currently, two kinds of situations are roughly identified in soft computing for XML data management: applying soft computing for the intelligent processing of classical XML data; applying soft computing for the representation and processing of imprecise and uncertain XML data. For the former, soft computing can be used for flexible query of XML document as well as XML data mining, XML duplicate detection, and so on.

### **From reader reviews:**

#### **Donnie Matthews:**

What do you consider book? It is just for students since they're still students or that for all people in the world, what best subject for that? Just you can be answered for that problem above. Every person has several personality and hobby per other. Don't to be pressured someone or something that they don't wish do that. You must know how great as well as important the book Soft Computing in XML Data Management: Intelligent Systems from Decision Making to Data Mining, Web Intelligence and Computer Vision (Studies in Fuzziness and Soft Computing). All type of book could you see on many options. You can look for the internet solutions or other social media.

#### **Sharon McMichael:**

Do you one of people who can't read pleasurable if the sentence chained in the straightway, hold on guys that aren't like that. This Soft Computing in XML Data Management: Intelligent Systems from Decision Making to Data Mining, Web Intelligence and Computer Vision (Studies in Fuzziness and Soft Computing) book is readable by you who hate those straight word style. You will find the information here are arrange for enjoyable studying experience without leaving perhaps decrease the knowledge that want to offer to you. The writer of Soft Computing in XML Data Management: Intelligent Systems from Decision Making to Data Mining, Web Intelligence and Computer Vision (Studies in Fuzziness and Soft Computing) content conveys the idea easily to understand by many people. The printed and e-book are not different in the content but it just different as it. So , do you nevertheless thinking Soft Computing in XML Data Management: Intelligent Systems from Decision Making to Data Mining, Web Intelligence and Computer Vision (Studies in Fuzziness and Soft Computing) is not loveable to be your top collection reading book?

#### **Michael Marchant:**

Reading can called head hangout, why? Because if you are reading a book specifically book entitled Soft Computing in XML Data Management: Intelligent Systems from Decision Making to Data Mining, Web Intelligence and Computer Vision (Studies in Fuzziness and Soft Computing) your brain will drift away trough every dimension, wandering in each aspect that maybe not known for but surely can become your mind friends. Imaging each word written in a e-book then become one form conclusion and explanation this maybe you never get previous to. The Soft Computing in XML Data Management: Intelligent Systems from Decision Making to Data Mining, Web Intelligence and Computer Vision (Studies in Fuzziness and Soft Computing) giving you yet another experience more than blown away your mind but also giving you useful facts for your better life within this era. So now let us present to you the relaxing pattern here is your body and mind are going to be pleased when you are finished reading through it, like winning a game. Do you want to try this extraordinary shelling out spare time activity?

**Wanda Riddle:**

As we know that book is important thing to add our information for everything. By a e-book we can know everything we want. A book is a range of written, printed, illustrated or maybe blank sheet. Every year seemed to be exactly added. This publication *Soft Computing in XML Data Management: Intelligent Systems from Decision Making to Data Mining, Web Intelligence and Computer Vision (Studies in Fuzziness and Soft Computing)* was filled regarding science. Spend your free time to add your knowledge about your scientific research competence. Some people has different feel when they reading a new book. If you know how big selling point of a book, you can experience enjoy to read a reserve. In the modern era like right now, many ways to get book you wanted.
