Beyond Foraging and Collecting: Evolutionary Change in Hunter-Gatherer Settlement Systems (Fundamental Issues in Archaeology)

This volume includes new research on the theoretical implications regarding the mechanisms of change in the geographical distribution of hunter-gatherer settlement and land use. It focuses on the long-term changes in the hunter-gatherer settlement on a global scale, including research from several continents. It will be of interest to archaeologists and cultural anthropologists working in the field of the forager/ collector model throughout the world.
