Dietary Law for Modern Times: Clean and Unclean Foods Samuel E Brandt

This book is for those who truly want an understanding of the scriptures and want to know exactly what they are eating in these modern times. For those that wish to keep a kosher home this book is meant as a tool and not mean to be all inclusive as companies, change the way things are manufactured and prepared for consumption quite frequently. This book is a product of 2 ½ years of research and study on the dietary law. I in no way claim to know everything the scriptures have to offer on this subject. This is meant to be a starting point and hopefully give some motivation to study this subject on your own.
