**Nationalism, Cultural Indoctrination, and Economic Prosperity in the Digital Age (Advances in Religious and Cultural Studies:)** Bryan Christiansen

With a background of technological and communication innovations, socialization research, particularly as it refers to cultural and academic learning, has become increasingly connected with the business and economic aspects of global societies.

**Nationalism, Cultural Indoctrination, and Economic Prosperity in the Digital Age** examines the doctrines that society is expected not to question, particularly the influence these beliefs have on business and the prosperity of the world as a whole. This book is an essential resource for business executives, scholar-practitioners, and students who need a multidisciplinary approach to the effects of culture on cognitive strategies and professional methodologies.
