Love's Labours: Book Two

Michael and John, a May/December couple, navigated the repercussions of their gay-for-you love affair in the hothouse of a summerstock theater production.

Back in New York City at the conclusion of their show's run, John is overwhelmed by his obsession with Michael and the difficulties of learning to date again after the death of his young son and his recent divorce. John gradually comes out to his colleagues, his football rec league friends, and even his ex-wife.

But when he invites his parents over for Christmas to meet the person he's been seeing, the holiday—featuring Michael's family's amateur production of Twelfth Night—quickly turns into a French farce of potentially catastrophic proportions, forcing John finally to take the lead in claiming his evolving identity as he takes the next step in his relationship with Michael.
