Love is in the air... Can a meat-eating Texas advertising woman find love with a vegetarian Buddhist and get her pilot's license despite interference from her wacky Arizona airpark neighbors and a high flying Alaskan Malamute? Lia Bedford thinks she's going to get her pilot's license, sell her father's Arizona airpark house, go back to helping beef producers sell meat, and probably find a guy just like the cheating husband who bankrupted her. Seth Hartman thinks he's come to Arizona to build a spiritual center, escape the community and wife that betrayed him, and create a new beginning much like the contemplative, vegetarian life he left. While Lia tries to hide and Seth tries to fit in, their attraction pulls them together. Lia and Seth begin to change with help from their wacky senior citizen neighbors and a high-flying Alaskan Malamute. All they have to do is conquer the fear of flying and their fear of love. A Contemporary Western Aviation Romance Heads in the Clouds is a revised, republished edition of Flying Free (published in 2009 by Treble Heart).
