Psychological Keys to Student Success Mr. Troy Dvorak

Are you a high school student thinking about going to college? Are you already taking classes at the college level? Perhaps you are thinking about going to (or returning to) college after working a job or career for many years. No matter what your personal situation is, if you are considering going to college, the Psychological Keys to Student Success (PK2SS) is a book designed for you. Students get advice about how to study all the time; reading, highlighting, reviewing, memorizing, making flashcards, and summarizing are common studying strategies. However, to maximize your learning, you also need many thinking skills and personal characteristics. These are skills and characteristics that most teachers don't teach you about. The emphasis of this book is teaching you HOW TO THINK, which will make your studying skills more effective and help you keep up with the rigors of a college education. Earning a college degree is hard work. It requires a lot of effort, some serious concentration, and a stick-with-it attitude. Decades of psychological research show there are consistent differences between students who do well in college and those who do not. Which do you want to be? By selecting this book, you will benefit from a lot of the research as well as the author's counseling and teaching experience. Each Psychological Key to Student Success is a thinking skill or personal characteristic that can greatly improve your academic achievement and chances for success in college. In this book, you will learn about the importance of motivation, beliefs, explanations for success (and failure), goals, interest, confidence, thinking and thinking errors, self-control, and culture. The Psychological Keys to Student Success address the thinking skills and personal characteristics you can develop in order to thrive, not just survive, in college.

From reader reviews:

John Richey:

In other case, little folks like to read book Psychological Keys to Student Success. You can choose the best book if you like reading a book. Given that we know about how is important a new book Psychological Keys to Student Success. You can add knowledge and of course you can around the world by a book. Absolutely right, because from book you can recognize everything! From your country until finally foreign or abroad you can be known. About simple matter until wonderful thing you could know that. In this era, we could open a book or even searching by internet device. It is called e-book. You may use it when you feel uninterested to go to the library. Let's read.

Louise Suttle:

Reading can called mind hangout, why? Because when you are reading a book mainly book entitled Psychological Keys to Student Success the mind will drift away trough every dimension, wandering in each and every aspect that maybe unfamiliar for but surely can be your mind friends. Imaging every single word written in a book then become one type conclusion and explanation that maybe you never get just before. The Psychological Keys to Student Success giving you a different experience more than blown away the mind but also giving you useful facts for your better life on this era. So now let us present to you the relaxing pattern at this point is your body and mind will likely be pleased when you are finished examining it, like winning an activity. Do you want to try this extraordinary shelling out spare time activity?

Henry Buford:

As a scholar exactly feel bored to help reading. If their teacher asked them to go to the library or even make summary for some reserve, they are complained. Just tiny students that has reading's heart or real their interest. They just do what the trainer want, like asked to the library. They go to generally there but nothing reading critically. Any students feel that reading through is not important, boring and can't see colorful photographs on there. Yeah, it is for being complicated. Book is very important for you. As we know that on this period, many ways to get whatever we wish. Likewise word says, ways to reach Chinese's country. Therefore , this Psychological Keys to Student Success can make you really feel more interested to read.

Rose Heck:

What is your hobby? Have you heard this question when you got learners? We believe that that question was given by teacher for their students. Many kinds of hobby, Every individual has different hobby. And you also know that little person such as reading or as reading through become their hobby. You need to know that reading is very important along with book as to be the issue. Book is important thing to add you knowledge, except your current teacher or lecturer. You will find good news or update with regards to something by book. Many kinds of books that can you go onto be your object. One of them are these claims Psychological Keys to Student Success.
