There is always that moment of darkness when we have felt cheated. When we have felt wronged, and when we have suffered a broken heart because someone deliberately played mind games with us. There are some moments when we run into dishonest people and they have chosen to harm us for the simple reason they are hurting themselves.

When the relationship is done and over with we are left with grief. It is almost like the death of a loved one. We go through the same stages of grief as if someone has died.

I have tried to capture the emotions and feelings of grief. I hope they bring healing to the hurting soul. In time we heal and move on. It's hard to let go of someone that we were close to and thought they felt the same way about us. From the age of 16 and for the rest of our lives some of us have been there too many times. Others of us were lucky enough to be spared of the emotional and mental grief in these types of relationships.
