A Complete Guide to Bird Feeding

John V. Dennis

A Complete Guide to Bird Feeding John V. Dennis

A classic guide revised and updated, and for the first time available in paperback.

Since its publication in 1975, *A Complete Guide to Bird Feeding* has been considered the best book on the subject. John V. Dennis, an ornithologist and biologist with a lifetime's experience of bird feeding, tells you precisely how to choose and install bird feeders, how to take advantage of the plantings and natural topography of your garden, how to prepare and place food, and how to protect your feeding sites from potential predators or greedy competitors, such as cats, squirrels, and blue Jays. His lively and engaging text discusses the habits and food preferences of eighty different likely bird-patrons and what types of feeders are best adapted to them.

In this edition, Mr. Dennis has included the latest information about what bird foods are available and most effective, what the new bird feeder designs are, the most current recommendations for hummingbird feeding, as well as changes in bird populations, migration habits, and ranges so that you know what birds to expect at the feeder.

Filled with lore from a lifetime of observation, this new edition of a classic guide will become, as the original edition did, a bible for those of us who feed and watch birds.

Carl Terrell:

As a university student exactly feel bored to reading. If their teacher asked them to go to the library or even make summary for some book, they are complained. Just very little students that has reading's spirit or real their leisure activity. They just do what the teacher want, like asked to go to the library. They go to at this time there but nothing reading critically. Any students feel that looking at is not important, boring along with can't see colorful pictures on there. Yeah, it is to become complicated. Book is very important for yourself. As we know that on this period of time, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. Therefore this A Complete Guide to Bird Feeding can make you truly feel more interested to read.
