Drupal 6 Search Engine Optimization Benjamin Finklea

This is a practical, hands-on book based around sound SEO techniques specifically applied to Drupal. Each chapter starts with a brief overview of the important concepts then quickly moves into practical step-by-step actions you can take immediately. Throughout the book, you'll get clear instructions and detailed screenshots, so you can see exactly what to do each step of the way. You will install and configure a selection of Drupal modules ? each of which will move you one step closer to optimization. Chapter-by-chapter, your Drupal site will become more optimized so that by the end of the book, your site is 100% ready for Google. This book is written for Drupal site owners and those who create Drupal sites including themers, developers, programmers, and consultants. A basic understanding of Drupal will be helpful: what a node is, how to create nodes, how to log in to the admin sections of your Drupal site, and how to properly install and enable a module. No knowledge of SEO will be assumed but a basic knowledge of search engines is expected.
