Footprints in the Sands of Time - Volume 1 William Branham

"Footprints on the Sands of Time", is a compilation of excerpts, by William Branham, taken from over one thousand tape recorded sermons. Gordon Lindsay wrote, The story of the life of William Branham is so out of this world and beyond the ordinary that, were there not available a host of infallible proofs which document and attest its authenticity, one might well be excused from considering it farfetched and incredible." (Gordon Lindsay, A Man Sent From God, p9) Thousands were converted or healed through Branham's ministry. He reported that throughout his life he was guided by an angel who regularly communicated with him. He operated in what appears to be a genuine gift of the word of knowledge which gave him the power to discern people's illnesses and thoughts. David Harrell reports of his popularity: "The power of a Branham service . . . remains a legend unparalleled in the history of the charismatic movement." This is the first of 2 volumes
