# Mastering Android NDK

*Sergey Kosarevsky, Viktor Latypov*

**Mastering Android NDK** Sergey Kosarevsky, Viktor Latypov

**Master the skills you need to develop portable, highly-functional Android applications using NDK**

## About This Book

- Develop portable games using Android NDK and debug them on your desktop
- Familiarise yourself with different popular C++ libraries on Android and use them in your games
- Write multi-threaded code with graphics, sound, networking, and resource storage

## Who This Book Is For

If you want to leverage your C++ skills in mobile development and increase the performance of your Android applications, then this is the book for you. Knowledge of C or C++ is assumed, including pointer manipulation, multi-threading, object-oriented programming concepts, and the basics of C++11. It would be an added advantage if you know how to develop applications without any IDE.

## What You Will Learn

## What You Will Learn

- Explore popular C++ libraries and use them on Android
- Write portable, multithreaded native networking code
- Create portable audio framework using OpenAL
- Implement portable rendering framework using OpenGL ES 3
- Debug mobile applications on your desktop machine
- Access resources from APK archives
- Render text with FreeType

## In Detail

Android NDK is used for multimedia applications that require direct access to system resources. NDK is also the key for portability, which in turn allows a reasonably comfortable development and debugging process using familiar tools such as GCC and Clang toolchains.

This is a hands-on guide to extending your game development skills with Android NDK. The book takes you through many clear, step-by-step example applications to help you further explore the features of Android NDK and some popular C++ libraries and boost your productivity by debugging the development process.

Through the course of this book, you will learn how to write portable multi-threaded native code, use HTTP networking in C++, play audio files, use OpenGL ES 3, and render high-quality text. Each chapter aims to take you one step closer to building your application. By the end of this book, you will be able to create an engaging, complete gaming application.

## Style and approach

This book adopts a step-by-step approach and each chapter is based on the material from the previous ones. The book focuses on putting to your knowledge of C++ use while you develop Android applications of your own.

### From reader reviews:

#### **Robert Mundo:**

This Mastering Android NDK book is not really ordinary book, you have after that it the world is in your hands. The benefit you will get by reading this book is usually information inside this publication incredible fresh, you will get information which is getting deeper anyone read a lot of information you will get. This specific Mastering Android NDK without we know teach the one who examining it become critical in contemplating and analyzing. Don't be worry Mastering Android NDK can bring whenever you are and not make your handbag space or bookshelves' turn out to be full because you can have it in the lovely laptop even mobile phone. This Mastering Android NDK having great arrangement in word along with layout, so you will not really feel uninterested in reading.

#### **Randall Briggs:**

Now a day those who Living in the era wherever everything reachable by interact with the internet and the resources within it can be true or not demand people to be aware of each facts they get. How a lot more to be smart in acquiring any information nowadays? Of course the reply is reading a book. Examining a book can help men and women out of this uncertainty Information especially this Mastering Android NDK book since this book offers you rich info and knowledge. Of course the knowledge in this book hundred percent guarantees there is no doubt in it you probably know this.

#### **Michael Due:**

The actual book Mastering Android NDK has a lot associated with on it. So when you read this book you can get a lot of benefit. The book was authored by the very famous author. The writer makes some research previous to write this book. This specific book very easy to read you can find the point easily after scanning this book.

#### **Louis Chavez:**

Do you have something that you like such as book? The guide lovers usually prefer to select book like comic, limited story and the biggest the first is novel. Now, why not striving Mastering Android NDK that give your fun preference will be satisfied through reading this book. Reading practice all over the world can be said as the way for people to know world a great deal better then how they react to the world. It can't be claimed constantly that reading addiction only for the geeky particular person but for all of you who wants to always be success person. So , for all of you who want to start reading through as your good habit, you are able to pick Mastering Android NDK become your current starter.
