Scuba Professional: Insights into Sport Diver Training & Operations

Simon Pridmore

Scuba Professional: Insights into Sport Diver Training & Operations Simon Pridmore

Scuba Professional is the natural successor to Simon Pridmore's first book, *Scuba Confidential - An Insider's Guide to Becoming a Better Diver*. Whereas *Scuba Confidential* focused on how to scuba dive, **Scuba Professional** looks at how diving is taught and how dive operations are conducted.

Scuba Professional is an excellent source of out-of-the-box ideas and independent, objective advice for instructors and dive operators. It is also an indispensable guide for those aspiring to become dive professionals with chapters such as *Do You Have What It Takes?* and *Which Training Agency?*

In short, this is everything you wanted to know about working in scuba diving but never dared to ask.

Scuba Professional is not only for professionals. Serious divers who take more than a passing interest in their hobby and want to know what goes on behind the scenes will be fascinated by the topics addressed and the insights offered.

From a dive safety point of view, Simon looks at the bigger picture and, in a series of chapters on avoiding and handling accidents, sets out a framework for developing the safety culture within our sport. He also examines the present state of key aspects of the dive industry and speculates as to the future.
