Money Mindset for a Champagne Life: Money Management That Focuses On Investing In Your Happiness And Creating A Budget To Attract Abundance Cassie Parks

As you might have guessed from the title, this isn't your mama's money book.

- Does it feel like you work really hard and should have more money than you do?
- Do you feel like you're frugal, but at the same time money seems to slip through your fingers?
- Have you thought more than once you should get on a budget, but then decide you'll just commit to spending less only to have that plan not work either?
- Do you feel like you must be missing something other people know when it comes to handling money?

This is the book for you!

This smart engaging, unique book goes beyond the cookie-cutter "how to" of personal money management and leads you through the process of defining your idea of success with money and creating your own money strategy. This gives you a personalized playbook for your financial decisions. Going beyond how to manage your money, this book teaches you how your money beliefs are impacting your current financial reality and how to change that.

If you've seen Tony Robbins' new book and you thought, "I can't think about financial freedom, I just need to figure out how to get my money on track," read this book first. Cassie Parks engages you in your own journey to understand money and set up a budget and a mindset that support your idea of success.

Cassie has traveled the path from debt to financial independence. Her story walks you through the process of creating a financial persona, a representation of who you desire to become financially. Drawing on her own journey, Cassie teaches you how to lay the groundwork for your success with money; budgeting, mindset and attraction. She teaches you the process and techniques she used to change her relationship with money. This is the process she went through before she could start implementing wealth building strategies described by the greats like Robert Kiyosaki, utilizing real estate to create a solid passive income.

This book was written so you could read it in about an hour and start putting it into practice immediately. Whether you've watched *The Secret* and haven't been successful creating more money and or have felt unsuccessful in the money department for a long time, no matter where you are with money, this book that will take you by the hand and walk you to the path of change. By the end of this book you will feel empowered to start walking the path you have forged to your money success.

Advance Praise

If anyone can teach us how to get straight with money, it's Cassie Parks. She not only knows this stuff inside and out, she walks the talk. Cassie is living proof that these concepts work. I don't know anyone who couldn't benefit from this book, including me!

Cassie Parks is one of those go-to people when it comes to the subject of money, not just because she walks her talk, but because her talk is so darn smart. *Dealing with Your Money \$H!T* brilliantly encapsulates Cassie's special blend of conscious creation and practical how-to tips, and I'm especially excited by her concept of an 'attraction budget'. And believe me, anyone who can get me excited about a budget of any kind is working a small miracle, right there! This gem of a book is jam-packed with powerful insights into how to heal your relationship with money. I have no doubt that if you implement even half of what Cassie recommends, you and your bank balance WILL notice the difference. Money magic, engage!
