Have you ever considered how much more successful you could be in life if you were able to put absolutely everything you have into your efforts? Not 25% or 50%, but EVERY bit of you into achieving your goals? This book is a kind of “boot camp” to get your life back on track and build self discipline, so keeping that in mind being more focused than normal is mandatory until new positive habits set in. Have fun when it's appropriate and show self discipline and work hard when it's appropriate. Life is about balance, but sometimes when we need to get our act back together we need to be more committed to self change than recreation. Don't you agree?
