"..with a resounding cry, the people of Troy cheered for their young prince, Hector, tamer of horses."

The Prince of Troy is a coming-of-age tale of Hector, the legendary hero of the Trojan War.

In a matter of days, Hector's peaceful life is turned upside down by the threat of war. The young prince is sent on a voyage to Greece, in hopes of making peace with the would-be aggressors. However, a violent storm destroys his vessel, leaving Hector and his younger brother Paris shipwrecked in the Mediterranean. This sets the young princes on an epic odyssey to return home. Their journey is full of perilous mythological figures, including a vengeful cyclops, a massive minotaur, and a vicious lion. However, they also make many unexpected friends along the way. Hector's journey through the ancient world teaches him about life, death, love, loss, success, failure, and the true meaning of heroism. The lessons that he learns put him on the path to becoming a great prince. A prince who is destined to one day lead his people in the greatest war the world has ever known.
