Garry Winogrand (1928–1984) was a native New Yorker whose photography epitomizes the indigenous pulse and social complexity of the urban scene after World War II. This collection of 175 photographs shot by Winogrand in a single year records an America in transition. Each picture is a strange, unforgettable surprise, documenting the artist's comedic, almost palpable empathy for his subjects, and crystallizing his influence as a photographic interpreter of the 1960s. Most of the images in this collection are previously unpublished.
